ABOUT ME

I am an experienced **Frontend Software Developer** with strong expertise in **Vue.js 3** and **TypeScript**, working in **Agile SCRUM teams** across the full **Software Development Lifecycle**. I focus on building scalable platforms for **business process automation** and complex enterprise solutions. I write clean, maintainable code, create technical documentation, and actively contribute to **knowledge bases**. I have solid experience with **REST APIs**, **Jest testing**, and **Git-based workflows**, and I enjoy collaborating with developers, UX designers, and analysts to deliver high-quality solutions.

EXPERIENCE

SOFTWARE ENGINEER / ESET

APRIL 2026 – PRESENT

Laravel · React.js · PHP · TypeScript

- Just working.

FULL STACK DEVELOPER / INVIBE

JULY 2025 – FEBRUARY 2026

Vue.js · JavaScript · PHP · Laravel · TailwindCSS · Git · SQL(MySQL) · Figma

- Designed, developed, and maintained **complex frontend applications** across multiple domains, including **e-commerce platforms**, **CRM systems**, and **admin dashboards**.
